

The St. Mary Orthopedic Center

A GUIDE FOR REFERRING PHYSICIANS

Comprehensive, State-of-the-art and Convenient

St. Mary Medical Center offers advanced orthopedic care in a convenient setting. The facility has positioned itself at the vanguard of treatments, techniques, and technology across its orthopedic, sports medicine, pain management and trauma services. Our medical professionals have attained the highest levels of credentials, specialty training and experience.

Comprehensiveness and convenience are key elements in the Center's approach. We provide a full continuum of care — diagnostics, surgery, therapy, education, prevention, wellness and fitness — in a single setting. In addition, we continue to develop innovative programs involving wellness, fitness, physical and occupational therapies, and holistic healing.
